## Community Cookbook!

Everyone knows when it comes to cooking, we all have our own favorite recipes. Some recipes has been passed down generation to generation. We hear in the dining room, how much residents loved to cook and bake for their families. So what better way to share our best dishes, then to put them down in a cookbook! So start thinking of your favorite recipes and come see Alan, so we can get them in the book for everyone to see!

## Resident and Staff Show and Tell!

We all have that 1 treasure we hold near and dear to our hearts. Sometimes it comes with an amazing back-story. We invite you to join in on a fun afternoon, to show and tell us about your item! We look forward to hearing some amazing stories!

Make sure to look at your activity calendar for more fun activities and outings!

### Meet Dorothy!

Dorothy came to live with us 4 years ago. Every since she has came into the community, she definitely has made herself known. Dorothy loves her bloody mary and her malts. She has a laugh that can be hear around the building. She is at just about every activity and has a lot of friends she enjoys spending time with. She has a huge heart and helps those when she can. She is always the life of the party anywhere she goes, and we love having her! So glad she chose us for this chapter in her life!

## Addington Place of Collinsville!

### Monthly Theme!

Follow the Yellow Brick Road!

We are showing “The Wizard of OZ” on the big blow up screen in our dining room on Sept 28th! There will be snacks and much more for the event! It will be a fun afternoon!

### Moments To Remember!
